**ATTN.: THE PROJECT MANAGER**

**CONTRACT : N-5794**  
**PROJECT : POWER NETWORK DEVELOPMENT WORKS FOR YAS ISLAND**  
**VO 1 : 400KV SAADIYAT GRID STATION CONNECTION AND ASSOCIATED OPGW WORKS**  
**SUBJECT : CONTRACTOR'S PERFORMANCE**

Dear Sirs,

We would like to take this opportunity to thank M/s KEC International in completing this project within very tight timescales, whilst under reduced outage periods. The project involved complicated engineering solutions, which were handled in an extremely professional manner.

The project involved design, procurement, foundations, tower erection and conductor and OPGW stringing within a harsh marine environment and was successfully completed within budget and complied with all Quality Assurance requirements.

The project HSE plan was complied with at all times without any lost time incidents.

In the meantime, we remain.

Yours faithfully,  
**LAHMEYER INTERNATIONAL GmbH**
