

Human Resource Policy

The Company aims for the best in class policies, processes and practices which helps it to create a conducive work environment where employees can perform at their best potential and grow without compromising on factors that contribute to their happiness.

Guiding Principles

- Provide a safe and respectful work environment for its employees; both physically and mentally and instill a 'family like' culture contributing to a cordial and friendly workplace.
- Commitment to fostering and nurturing a culture of diversity and inclusion at the workplace and ensuring equal opportunities based on meritocracy to all its employees and potential employees.
- Aim to create an empowering and enabling work environment through a framework which puts employees' happiness first and serves as a guiding light for policies, processes, and workplace initiatives.
- Promote amongst the employees the Culture of work-life balance and personal well-being, as well as rejuvenation.
- Ensure personal growth of employees through Constructive Feedback and Progressive Career Prospects.
- Provide Self-directed Learning and Development Opportunities to the employees through various initiatives.
- Encourage an environment of innovation and outperformance amongst employees.
