**Sub: Regional Power Transmission Interconnection Project for
Tajikistan-Afghanistan**

We, PIU of Barki Tojik OJHC, hereby certify that KEC International Ltd. was awarded contract for construction of 118 Km , 220 kV Tajikistan-Afghanistan border transmission line along with two nos. 220 kV line bays at Sangtuda substation. These works are a part of Regional Power Transmission Interconnection Project funded by ADB.

Barki Tojik appreciates the high professional standards, dedicated efforts and very focused approach of KEC International Ltd. which led to the successful and timely completion of the construction activities for this project.

We hereby confirm that two 220 kV line bays have been completed and successfully commissioned at rated voltage on 19.10.2010.

We wish the entire team at KEC International Ltd. many more successful projects in their domain of professional activities.

Yours Sincerely,

U. Usmonov
Director PMU
